

<p><u>Geography</u> In Geography, Year 4 will be identifying coasts and how they have changed over time. They will follow a route using two figure grid references. They will name and locate cities in the South West where rocks are found. Investigate geographical features of the coast including trading settlements.</p>		<p><u>Science</u> In Science, Year 4 will be exploring Rocks. They will compare and group together different kinds of rocks on the basis of their appearance and simple physical properties. They will describe in simple terms how fossils are formed when things that have lived are trapped within rock.</p>
<p><u>Art</u> Year 4 will investigate local coastal crafts and creating their own by sculpting using clay.</p>	<p>Year 4 Term 6 <i>South-West settlement</i> Learning Leaflet</p>	<p><u>R.E</u> Our question we will explore is: 'How and why do people mark the significant events of life?'</p>
<p><u>Maths</u> We will be looking at Money, how to tell the time to the minute and properties of shapes. Every lesson will include fluency, reasoning questions and problem solving for each unit covered.</p>	<p><u>English</u> Our book this term is 'Varjak Paw' by S.F. Said. They will be learning new vocabulary, writing a balanced argument and persuasive speech on a new mythical creature.</p>	<p><u>PE</u> We will be focusing on our sending and receiving of different sized balls and using different parts of our body. We will also be practising for Sports Day. Indoors, Year 4 will learn how to form a short dance sequence.</p>
	<p><u>PSHE</u> We will continue with our Jigsaw piece this term 'Relationships'. We will look at memories, getting on and falling out and celebrating relationships with people and animals</p>	<p><u>Computing</u> We are HTML editors! Year 4 will understand computer networks including the internet; how they can provide multiple services, such as the world wide web; and the opportunities they offer for communication and collaboration. They will be editing and writing HTML.</p>
