

<p><u>Geography</u> We will be looking at volcanoes and mountains. We will learn about the ring of fire, where in the world they would find volcanoes, how they are formed and the impact eruption has on the world. They will locate mountain ranges, locate the tallest mountain ranges, climate and leisure associated with mountains.</p>		<p><u>Science: States of Matter</u> We will look into the 3 states of Matter - solid, liquid and gas. We will understand the effects of cooling and heating on materials. We will also be looking at the water cycle.</p>
<p><u>Art</u> We will explore how colour is used in art to represent mood/ feeling/ hot/cold and use the work of other artists as inspiration for their own.</p>	<p>Year 4 Term 2 <i>Fire and Ice</i> Learning Leaflet</p>	<p><u>PE</u> Outside, we will be focusing on coordination and footwork through a range of activities. In the hall, we will be working on our floor work and jumping and leaping to create sequences. Both units are working on Personal Skills.</p>
<p><u>Maths</u> We are carrying on with our unit Addition and Subtraction, using the column method to solve problems. We will be looking at Length and Perimeter and begin Multiplication and Division.</p>	<p><u>English</u> Our book this term is 'The Firework Maker's daughter'. They will be learning new vocabulary, writing character descriptions, writing an explanation text and writing the ending to the story.</p>	<p><u>PSHE</u> We will carry on looking at 'Being Me' and how we are responsible for our own learning and how we are all part of a team.</p>
	<p><u>R.E</u> We will be carrying on looking at Gospels and what the Holy Trinity means to Christians. We will also look at the question 'What do Hindus believe God is like?'</p>	<p><u>Computing</u> We are co-authors! They will be producing a wiki by understanding what a wiki is, why people use wiki and understand their responsibility when writing or editing a wiki.</p>
