

Year 6 Term 6 What are we learning in each subject this half term?

Maths

In Maths, we will be consolidating previous learning in Year 6. This will be taught in a cross-curricular way - integrating the non-core subjects.

Art

The focus for this term is 'fashion.' The children will explore the art of fashion and fashion illustration. By the end of the unit they will design and create a bag with a painted and embellished design.

Science

In science we will learning about living things. By the end of the unit the children will be able to describe how living things are classified and use a specific system to classify living things. They will also learn to identify the characteristics of different types of animals.

Term 6

Where have you come from? Where are you going?

English

Our text this term is 'Can You See Me?.' We will create a chapter from a character's perspective. In addition to this we will be recapping all Year 6 SPAG objectives.

History

In history the children focusing on Plymouth. They will identify how Plymouth has changed over time and create timelines of historical events in Plymouth. They will also compare and contrast Plymouth over time.

Geography

The geography this term links directly with our history. By the end of the unit they will be able to suggest reasons for the location of towns and settlements.

PE

In PE, we will have a specialist visiting the school to teach the skills and rules of rounders. We will also be incorporating dance into our indoor PE sessions.
