

Geography

We will start by mapping important journeys which we have made and others have made historically. We will locate key places in our Plymouth transport network. We will also locate key constructions built by I.K.Brunel.

History

This term we will be learning about travel and transport of the past, including important inventions such as steam trains and the first aeroplane. We are focusing on history hero Isambard Kingdom Brunel and the constructions he designed and built.

Year 2 Term 5 *Off We Go!* Learning Leaflet

Art

We will be printing on textiles with a range of objects. We will also explore and make patterns including regular and irregular patterns.

PSHE

Our school theme is Relationships. We will think about all of our special relationships and why they are important to us. We will also talk about the right and wrong times to keep a secret and how to deal with conflict.

D&T

We will be learning about and creating mechanisms, imagining we are engineers like I.K.Brunel.

Music

We will be investigating dynamics, timbre, tempo and motifs to create a space soundtrack.

R.E - What is the 'good news' Christians say Jesus brings?

We will be learning about different stories from the Bible such as 'The Tax Collector and The Pharisee' and what can be learnt from them.
