

## What is a Parent Support Adviser?

The role is to inform and support parents and help them engage with their child's learning and well being.

I provide accurate information on a range of services including:

- Education
- Health
- Special Educational Needs
- Benefits & entitlements
- Training courses (NVQ)
- Or any concerns you may have

Be a listening ear or just a shoulder to cry on.

(tissues and coffee provided!)

I see my role as your link between school and home.

We can meet wherever is best for you; at school, at home or in town. (Henry J's do a fab frothy coffee!)

Drop in any morning -  
No appointment needed.

It could be on any subject.  
(parenthood is not easy)

I can't promise I will have all the answers, but I do promise to listen and speak confidentially.

Also I will find out answers to your concerns and get back to you ASAP.

Do you have any ideas you would like to see in school to support parent's?

E.g. coffee mornings? A chance to meet other parents.

Group workshops? A chance to make resources to help your child at home. (All materials will be provided).

Have a think and let me know!

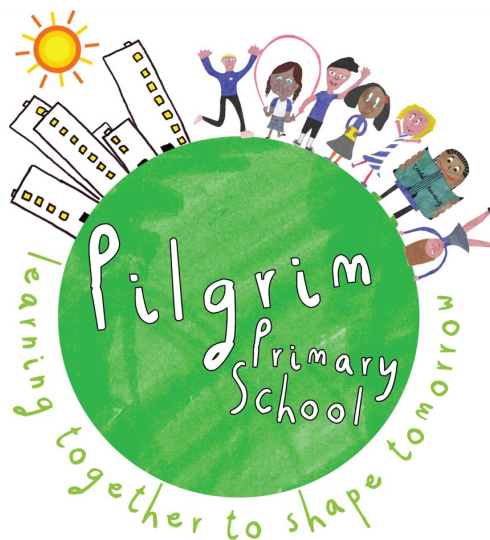

This is **your** school as well as your child's!!

Head Teacher Mrs. Sue Jones
